a Leading Chronicler of New Jersey Business**

For Immediate Release

CHERRY HILL, NJ, November 10, 2011 – American European Insurance Group, Inc. (“AE”) announced today that it was recently featured in NJBiz, a leading business publication that focuses on the New Jersey business and economic landscape.

The story describes AE’s growth despite the difficult economy and its transformation, primarily into a small and mid-sized commercial insurance carrier, under the direction of CEO and President Vincent Nieroda, who joined the company in 2008.

It quotes Nieroda saying that AE strengthened underwriting, finance, claims and added depth to its staff “because you need a different set of skills to do commercial business.” It also points out that AE has improved the ease of doing business with the Company and that it has added nearly 200 new independent agents in the past few years, to reach a total of approximately 400 today.

“We were pleased to be noticed by NJBiz,” stated Nieroda. “We are happy that people in the business community have begun to recognize the Company’s growth and new capabilities.”

Nieroda also pointed out that since the article appeared, the developing impact of Irene has made any estimate of the Company’s year-end profitability premature.
